

Breakaway Learning Center offers a comprehensive curriculum of training programs for the business performance management and business intelligence technology. Whether you are an experienced user or just getting to know the application, our training will help you do your job better and help your company maximize its investment.

SAP BPC for Microsoft

The SAP® Business Planning and Consolidations (BPC) End User and Advanced End User courses focus on the EPM Client of BPC version 10.1 to quickly familiarize participants with the new BPC interface and Excel environment, including the functionality of the EPM ribbon. These are instructor-led courses that incorporate live demonstrations and hands-on exercises, allowing each participant to practice and demonstrate acquired skills. The courses are designed for finance and IT professionals alike.

SAP BPC 10.1 End User

Duration:	1 Day	CPE Credits:	7 CPE Credits
Level:	Beginner	No Advanced Preparation Required	
Prerequisites:	Intermediate Excel or equivalent experience		

Upon completion of this course, each participant will be able to:

- Access, modify and maintain existing EPM reports
- Create new reports using various tools and methods
- Define member displays in the report and create custom local members
- Customize reports through dynamic formatting
- Convert existing EvDRE reports to the new EPM structure

SAP BPC 10.1 Advanced User

Duration:	1 Day	CPE Credits:	7 CPE Credits
Level:	Intermediate	No Advanced Preparation Required	
Prerequisites:	Completion of “SAP BPC 10.1 End User” course or equivalent experience		

Upon completion of this course, each participant will be able to:

- Leverage advance reporting techniques, such as member filtering and grouping, member exclusion, and customizable member reporting
- Publish and distribute reports by generating worksheets and working with off-line functionality
- Convert and transform data using Data Manager
